Dear Chairman Pai:

I write to support the Comments of Massachusetts Community Media, Inc. (MassAccess) and to disapprove of the proposals and tentative conclusions set forth in the FCC's September 25 Further Notice of Proposed Rule Making in Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer Protection and Competition Act of 1992, MB Docket 05-311.

I am the State Representative of the Sixth Plymouth District and each of these communities in my district rely on a robust Community Access network of Public, Education and Government programs. These include Plymouth Area Community Television and Whitman-Hanson Community Access.

I support comments made by MassAccess, especially the following:

- The FCC lacks authority to impair private franchise contracts
- Section 622 of the Cable Act defines "Franchise Fees" and the FCC has no right to redefine
- Any attempt to redefine "Franchise Fees" weakens the authority of local municipalities
- The rulemaking invents "Cable-Related In-kind Contributions and "Fair Market Valuation" where there is no precedent
- Section 622 of the Cable Act states that "[a]ny Federal agency may not regulate the amount of the franchise fees paid by a cable operator."]

Community media stations allow the residents of my communities to watch and create uniquely local programming about their community and local events and issues of interest to them. Such was the intent of the PEG provisions of the 1984 Cable Act—to enhance local voices, serve local community needs and

interests, and strengthen our local democracy. By defining "franchise fee" in an overly broad fashion to include "in-kind" support, the FCC's proposals will shift the fair balance between cable franchising authorities and cable operators and will force communities to choose between franchise fees and PEG channels, – something that was never the intent of the Act.

I appreciate your consideration and hope you will protect PEG channels in our community and others by choosing not to adopt many of the proposals in the Further Notice.

Sincerely,

REP. JOSH S. CUTLER

Sixth Plymouth District
